### **INTERVIEW**

Prospective new member JIM VENTURINI was interviewed and the Board decided to approve. Mr. Venturini will be a probationary member for 6 months and PELEAUX to be contacted since Venturini is a great prospect for the RRT team.

### **FINANCIALS**

Bennett presented financials, copy of which attached

### **NEW BUSINESS**

Nordyke reminded members to get ready for possible assistance for evacuations due to the very dry conditions. Bennett suggested we get better maps from County since the current maps are not updated.

Rabinowitz suggested we have some CCSAR brochures made to hand out at events like 9News Health Fair, Blue Grass Festival and other events where CCSAR promotes their work. Rabinowitz to look into this and get quotes.

Pruiksmas to have a meeting with EMS members to determine the need and possible use of EMS members to assist on rescues.

Varney was approached by Pittman to discuss possible SAR involvement with an upcoming bike ride event in September. Since this was already discussed and voted down last year, the Board sees no reason to revisit at this time unless Pittman can prove the financial benefit to CCSAR

Meeting adjourned at 17.00 hours

Respectfully submitted by  
Els van Woudenberg  
Secretary CCSAR
